

# KARRAMOMUS

## Practice No. 4

Conditions were challenging for most of the day, easing briefly at the 1000 yard range.

All members attended the team practice at Karramomus Range on Saturday 13 March.

Having come from a three month break over the summer period it took a little while for coaches and shooters to get back to the mentality and flow of team shooting.

The weather on the day was fine with strong winds gusting and buffeting flags, coaches and shooters alike.

Practise was held over 300, 600, 900 and 1000 yards with the Captain congratulating everyone on their perseverance and good work during the day.

A big thank you to the Karramomus Rifle Club for the use of the range and their support on the day.
